

Dear Exhibitor,

As you may have heard, plans for the 2022 IEEE PES T&D Conference and Exposition in New Orleans are well underway, and we're committed to making it the finest event in our 56-year history.

While April 25-28, 2022 may seem far away, many of you are eager to reserve your exhibit space as soon as possible to ensure you are able to maximize opportunities with key decision makers in the world of electrical transmission and distribution.

We anticipate opening exhibit reservations by late spring or early summer of this year and will send you an email as soon as the space selection schedule is available.

The [IEEE PES T&D website](#) will be updated by the end of the month and additional information will be added as it becomes available. Please don't hesitate to contact me directly at any time.

Sincerely

Shawn Boon  
IEEE PES T&D Conference & Exposition
