IEEE – BUILDING BUSINESS RELATIONSHIPS WORKSHOP

Building Business Relationships guides participants to gain valuable insights about themselves and others by discovering actionable ways to build more effective relationships with others. Through the use of a self-assessment, participants receive detailed information regarding their style and how best to work with other styles to create more effective and productive relationships. The intended result is improved communication, reduced conflict, increased engagement, improved organization effectiveness, team collaboration and enhanced leadership capability.

Building Business Relationships uses a blended learning approach including an Everything DiSC® Workplace assessment, instructor-led activities, and video clips. You will have the opportunity to exchange ideas and experiences while developing ways to building relationships that are more effective.

Monday, April 25
Morning Track – 8:30 am-12:00 pm
Afternoon Track – 1:00 pm-4:00 pm

You will enroll in the Morning or Afternoon Track at the point of registration. Registration closes March 25.
